COLLECTIVE IMPACT PARTNERSHIP SPOTLIGHT

United Way of
Lancaster County

ASSESSING THE NEED

BASIC NEEDS:

Lack of affordable housing, transportation, and living-wage jobs all contribute to homelessness.

EDUCATION:

Individuals experiencing homelessness are less likely to continue their education, decreasing their ability to get ahead.

HEALTH:

Individuals experiencing homelessness are less likely to be physically/mentally healthy because of difficulties accessing help.

OUR SOLUTION

Lanc Co MyHome, formerly The Lancaster County Coalition to End Homelessness (LCCEH) is a network of more than 150 health and human services providers, business leaders, and private sector individuals working to eradicate homelessness in Lancaster County. LCCEH has been nationally recognized for efforts to functionally end chronic homelessness and veteran homelessness.

Through service coordination, advocacy, public education, and community organizing, LCCEH's coordinated service system has become more effective in diverting people from homelessness and moving individuals/families into permanent housing more rapidly, in spite of that fact the number of individuals entering into the system has been increasing.
