

WHAT DO YOU FIGHT FOR?

LIVE UNITED

UNITED WAY OF LANCASTER COUNTY IS IN YOUR CORNER FIGHTING HOMELESSNESS.

More than 15 years ago, United Way of Lancaster County forged unlikely partnerships to tackle the seemingly unsolvable problem of homelessness in our county. The result? The work done by what is known today as the Lancaster County Coalition to End Homelessness (LCCEH) has resulted in Lancaster County being one of the first counties in America to be recognized for homeless system transformation. Their work is far from over as LCCEH continues to fight for those facing difficult realities by rapidly diverting anyone who is homeless to an apartment or transitional housing program.
