FROM OUR PRESIDENT & CEO

New century, new energy!

Our work has always been fueled by generosity, compassion, and collaboration.

Thank you for helping us celebrate 100 years of impact in Lancaster County! We've hit the ground running on day one of our next century, and we are thrilled to share these exciting updates with you.

First, after extensive conversations with neighbors, nonprofit partners, community leaders and more, we are focusing our impact. Going forward, United Way of Lancaster County (UWLC) will empower struggling individuals and families, as well as the organizations that serve them.

We will support our neighbors below the ALICE threshold, (those struggling to afford basic needs), through our direct service programs like VITA and 211, by amplifying the vital work of other local nonprofits, and by convening expertise and resources to help where it is needed most.

Second, we've launched a new strategic plan to ensure that, by 2028, United Way of Lancaster County will be a trusted and empowering force in the community. We want you, our partners and supporters, to trust that your investment in our work with your time and talent will be stewarded as it deserves, that we will operate with excellence, and together we will change lives in our community.

Next, we've got a new look. On July 1, we launched our new website which aligns with our new brand. Take a minute to visit the site and let us know what you think!

Finally, we have a new home. You've most likely driven past 2121 Oregon Pike and seen our sign out front. This new space makes us more visible to the community, it is a better use of resources, and it creates real closeness and synergies across our organization. We can't wait to show you around!

We are proud to build on 100 years of impact, and we know it is made possible by YOU! Our work has always been fueled by generosity, compassion, and collaboration with our neighbors, businesses, nonprofits, and volunteers, and we are excited for the next century together!

Thank you!

Kate Zimmerman

PROJECT BLUEPRINT

Project Blueprint equips board members and nonprofit leaders with the leadership and governance skills to drive organizational effectiveness, empowering nonprofit organizations to serve our community more effectively.

The organizational training focus equips boards by building practical skills in inclusive leadership, conflict resolution, and inclusive governance. Sessions are facilitated by expert community leaders, and the program culminates with the development of an action plan that empowers organizations to put their learning in motion.

In November, we celebrated the graduation of our most recent cohort: Hands-on House Children's Museum of Lancaster, Lancaster County Workforce Development Board, and Let's Go 1-2-3. They join a network of seventeen fellow organizations that have participated in Project Blueprint since its relaunch in 2022.

> **The model you use: to have board and staff participants, is very strong and worthwhile, likely with the result of the training impacting the organizations represented.**

CENTENNIAL CELEBRATION/100TH YEAR

LETTER FROM BOARD CHAIR

Celebrating 100 Years of Impact

Dear Friends and Supporters,

As we reflect on United Way of Lancaster County's 100th anniversary year, I'm filled with gratitude and pride for what we have accomplished together. This milestone provided an opportunity not only to celebrate a century of service, partnership, and community impact, but also to recognize the countless individuals, organizations, and businesses whose commitment has helped strengthen Lancaster County for generations.

Our centennial year was marked by an ambitious goal: raising more than $5 million over 18 months to support our mission and the people we serve. Thanks to the extraordinary generosity of our community, we not only met that goal, we exceeded it. This achievement reflects the deep belief that Lancaster County is strongest when we work together to address challenges and create opportunities for all.

I would like to extend my sincere appreciation to our Centennial Campaign Cabinet for their leadership, dedication, and tireless efforts throughout this historic campaign. Their passion and commitment inspired others to give, advocate, and invest in the future of our community. Their leadership helped make this milestone year one of the most successful in our organization's history.

I am equally grateful to the thousands of community members who joined us in celebrating this special anniversary. Whether through charitable contributions, volunteer service, attendance at events, or simply sharing in our story, you helped honor a century of impact and reinforced the values that have guided United Way for the past 100 years.

With gratitude,

Brooke Smith

IMPACT STRATEGY

United Way of Lancaster County empowers struggling individuals and families, as well as the organizations that serve them.

We support our neighbors below the ALICE threshold, those struggling to afford basic needs, through our direct service programs, by amplifying the vital work of other local nonprofits, and convening expertise and resources to help where it's needed the most.

UNITED FOR ALICE

ALICE (ASSET LIMITED INCOME CONSTRAINED EMPLOYED)

Many of our neighbors in Lancaster County are struggling to afford basic needs. Today, 34% of all households in our community are living below the ALICE threshold.

ALICE is an acronym for Asset Limited, Income Constrained, Employed – households that earn more than the Federal Poverty Level but less than the basic cost of living for the county. ALICE often earns too much to qualify for government assistance but still isn't able to make ends meet.

Many who keep our community running live below the ALICE threshold, including workers in hospitality, the service industry, and caregiving.

COSTS ARE RISING AND WAGES AREN'T KEEPING UP.

In the U.S. from 2007 to 2024:

RENT	FOOD	CHILDCARE	TRANSPORTATION
99%	38%	74%	34%
INCREASE	INCREASE	INCREASE	INCREASE
