The United Way of Lancaster County offers our community an extensive online Volunteer Portal, connecting volunteers - individuals and groups, young and old, corporate and families - to opportunities. A volunteer may serve as a counselor, tutor, provide companionship to the elderly, serve as a board or committee member, play games, pull weeds, or feed the hungry. No matter their age, ability status, skill-level or income, each volunteer is integral to local non-profits & community organizations. Studies have reported volunteering reduces anxiety and depression, can improve physical health, and can even lengthen the life span of senior volunteers.
